[U.S. Mission Premier Ford Minister Fedeli - March 2022 v.5 \(TPB\).docx](#)

Hi Jasmine

Our standard practice for engaging with MIA has been to route our input back to them via ADMO. Please see attached for TPB's proposed input on MIA's framing document for a Premier-led mission to the U.S., for onward relaying to MIA's ADMO.

With thanks to Catherine and the TEU team for the rapid turn today.

Hugo

Hugo / Alex:

Further to Craig's email, I am attaching for your review a preliminary framing piece sketching out potential elements of, and considerations for, an "Open for Business"-themed mission to the U.S. at the end of March. We would appreciate any comments and additions on the document and any thinking you have on what this could look like.

As well, I am going to propose that we meet for a quick discussion tomorrow if that fits with your schedules.

Thank you – and don't hesitate to give me a call if you have questions.

Subject: RE: Premier's US Mission

Hi Craig,

Thanks for your note and yes, sounds good. We're happy to work with you on this – the missions team is very familiar with pulling together materials for these programs.

Stephen and Basia, I've added Christina Critelli (out of the office at the moment but keeping her in the loop) and Alex Lee who is acting for her, as well as Kathy Tangorra, Manager for the missions team.

Looking forward to working with you on this,

Corie

Subject: Premier's US Mission

Dave/Corie,

We have been advised by PO that the Premier is contemplating a mission to the U.S. for 3 days at the end of March.

The tour would focus on the Great Lakes region (in particular, MI, OH and IN were mentioned) but may also involve a trip to D.C.

We were further advised that Minister Fedeli might be joining the Premier.

We have been asked to develop a short framing for the Premier's mission and were hoping to consult with your teams on what this might look like, especially if Minister Fedeli is involved.

I know that there will be an interest in highlighting SIPAs wherever possible, so I'm copying Hugo on this e-mail as well.

We also understand that the overall theme should be "Open for Business" especially in light of recent border disruptions and pandemic recovery.

Given the short runway our DM has also suggested that the arrangements be kept as simple as possible.

Let me know if you have heard anything from your MO/DMO in relation to this and if you are already doing any thinking/planning.

We can pull together an ADM level meeting when the mission is confirmed.

In the meantime, I'm suggesting Stephen and Basia reach out to your teams to discuss the tentative framing piece we have been asked to develop.

Sound ok?

Thx

cm
